

# Updating Events 2015

## Some Conclusions

Key challenges and  
issues for the sector

# KEY WORDS IN THE PRESENTATIONS TODAY

- RISK MINIMISATION
- COST EFFECTIVENESS
- AN INTEGRATED APPROACH
- WATER PROTECTION

# MEETING THE CHALLENGE

- Understanding the implications and the need for change is critical
- Best practice must be high quality, based on sound thoughts and being able to implement it
- We must seriously consider the impact on professional standards. Assured statements are a key part of this
- Be aware of the risks to your organization
- If you do not step up their game to meet the objective, we risk much more than just your reputation

**FOLLOW THE GOLDEN RULES

IMPOSED  
BETTER TOGETHER**

# Ten Golden Rules

*They are not comprehensive but hopefully establish the key factors to be considered*

*Key reference documents are Guidance Notes available on the Forum website and in your packs today*
